2021-2027

**Erasmus+ Programme  
Inter-institutional agreement  
Key Action 1  
Learning mobility for higher education students and staff**

**between EU Member States and third countries associated to the Programme  
and third countries not associated to the Programme**

**Prof. Mag. Simón Benítez Ortiz  
Rector UNVES**

The institutions<sup>1</sup> named below agree to cooperate for the exchange of students and/or staff in the context of the Erasmus+ programme. This agreement is valid for the Erasmus+ call years 20[22]-20[25] in:

- KA131
- KA171

The institutions commit to sound and transparent management of funds allocated to them through Erasmus+ and to respect the quality requirements of the Programme, outlined in the Erasmus Charter for Higher Education<sup>2</sup> and in this agreement.

The institutions agree on exchanging their mobility-related data according to the principles of GDPR<sup>3</sup> and in line with the technical standards of the European Student Card Initiative<sup>4</sup>, when this becomes available for international mobility involving third countries not associated to the Programme.

Sending institutions located in EU/EEA countries have to ensure compliance with the provisions of art. 46 GDPR for all participants' personal data exchanged in the context of their mobility with institutions from non-EU/EEA countries without an adequacy decision, on the condition that enforceable data subject rights and effective legal remedies for data subjects are available in the respective third country. The participants should be informed in a transparent manner about the level of protection of their personal data, if this is different from the one where the sending institution is located.

---

<sup>1</sup> Inter-institutional agreements can be bilateral or multilateral in the case of mobility consortia:

- Bilateral agreements are for cooperation between one higher education institution located in an EU Member State or third country associated to the Programme and another institution located in a third country not associated to the Programme
- Multilateral agreements are for cooperation between a mobility consortium of higher education institutions located in one single EU Member State or third country associated to the Programme and another institution located in a third country not associated to the Programme.

#### 4. Partnership arrangements: fees and organisational support funds

In accordance with the Erasmus Charter for Higher Education, partners commit to charge no additional fees to students:

- In connection with the organisation or administration of their Erasmus+ mobility period. Any violation to this rule by the partners shall be brought to the attention of the National Agency and may lead to the termination of the participation in the project linked to this inter-institutional agreement, if no corrective measures are taken.
- For tuition, registration, examinations or access to laboratory and library facilities. Nevertheless, they may be charged small fees on the same basis as local students for costs such as insurance, student unions and the use of miscellaneous material.

Partners agree on the following use and repartition of organisational support funds including a list of objectives that both partners consider a priority:

| OS Use and Repartition  | Priority Objectives  |
|---|--|
| <p>Partners agree that the University of Granada will designate the organisational support funds to cover the costs related to the priority objectives and processes indicated in the table at the right:</p> | <p>coordination of the Erasmus+ International Credit Mobility programme and KA171 projects and maintenance service for the database and everything needed for the correct implementation of the projects according to the European Commission, Spanish National Agency, Local regulations and other authorities' requisites and/or legislations.</p> <p>management of the KA171 projects from beginning to end.</p> <p>submit applications to the Spanish National Agency, and subsequent organization, for additional inclusion support funding aimed at covering costs of specific needs of participants experiencing fewer opportunities.</p> <p>organization of International Staff Weeks, International Researcher Development Weeks and other activities to support KA171 projects.</p> <p>linguistic support, regular organisation of the eLADE exam.</p> |

**5. Outreach and Selection of participants: calendar, application procedure and requirements**

- Partners commit to doing outreach to participants with fewer opportunities to encourage their participation in the Programme and, where needed, agree on a common strategy to meet indicative inclusion targets.
- Partners commit to running selection procedures for mobility activities that are fair, transparent and documented, ensuring equal opportunities to participants eligible for mobility. The calls for applications must be public and an appeal procedure must be in place. Under no circumstances, shall applicants and selected participants incur any costs during application and selection procedures.
- In the case of student mobility, partners will ensure that other elements beyond academic merit are taken into account to ensure participation of students with fewer opportunities. Selection criteria and procedures must be clearly communicated in the call for applications.
- For eventual audit controls to evaluate the implementation of the Erasmus+ mobility, an (electronic) copy of the records corresponding to the call and selection results, such as the ones indicated in the "Information for Partner Institutions" document, are to be sent to the University of Granada once the selection process is finished.

Applications/Information on nominated students must reach the receiving institution by:

| Receiving institution<br>[Erasmus code or city] | Term duration  | Deadline <sup>9</sup>   |

## 6. Preparation and support

The Higher Education Institution(s) in an EU Member State or associated third country commit(s) to:

- Ensure that students are aware of their rights and obligations as defined in the [Erasmus+ Student Charter<sup>11</sup>](#).
- Arrange travels or provide a pre-financing of the grant to **reduce the costs that participants need to cover upfront**, to the extent possible.

All involved Higher Education Institutions commit to the following preparation and support measures. Information and assistance can be provided by the contact points and information sources in the table below:

- The receiving institution will guide incoming mobile participants in finding **accommodation**, according to the requirements of the Erasmus Charter for Higher Education. It is considered best practice to use the individual grant to pay for the deposit

<sup>11</sup> The Erasmus+ Student Charter is available here: [https://ec.europa.eu/programmes/erasmus-plus/resources/documents/applicants/student-charter\\_en](https://ec.europa.eu/programmes/erasmus-plus/resources/documents/applicants/student-charter_en)

of dormitories.

- Ensure that outgoing mobile participants are well prepared for their activities abroad, including blended mobility, by undertaking activities to achieve the necessary level of **linguistic proficiency** and develop their **intercultural competences**.
- Provide assistance related to obtaining **visas**, when required, for incoming and outgoing mobile participants, according to the requirements of the Erasmus Charter for Higher Education and, if needed, use project funds in the most inclusive way to cover related costs partially or in full.
- Provide assistance related to obtaining **insurance**, when required, for incoming and outgoing mobile participants, according to the requirements of the Erasmus Charter for Higher Education and use project funds in the most inclusive way to cover related costs partially or in full. The receiving institution will inform mobile participants of cases in which insurance cover is not automatically provided.
- The receiving institution will inform about the existence of relevant infrastructure and provide support to incoming **participants with fewer opportunities**.
- Provide **appropriate mentoring and support arrangements** for mobile participants, including for those pursuing blended mobility, as well as **integrate incoming mobile participants** into the wider student community and in the Institution's everyday life.
- Provide participants with their **grant as soon as possible upon arrival**, including if necessary a first payment using cash, check or similar to avoid delays linked to opening a bank account.
- The institutions commit to encourage participants to act as **ambassadors of the Erasmus+ Programme** and share their mobility experience, e.g. by providing information about the existence of Erasmus+ alumni networks, inviting former participants in promotion activities, etc.

## 7. Recognition

Institutions commit to:

- Ensure recognition for activities satisfactorily completed.

*ECTS (studies)*

*PhD students: individual assessment report*

- Ensure that student and staff mobility for education or training purposes is based on a learning agreement for students and a mobility agreement for staff validated in advance between the sending and receiving institutions or non-academic organisations and the mobile participants.
- Accept all activities indicated in the learning agreement, or according to the learning outcomes of the modules completed abroad, as automatically counting towards the degree, provided these have been satisfactorily completed by the mobile student.
- Partners commit to taking measures to ensure recognition of student and staff mobility upon their return, including:
  - o Providing incoming mobile students and their sending institutions with free-of-charge transcripts. The documents must be in English or in the language of the sending institution and containing a full, accurate and timely record of the achievements at the end of the mobility period.
  - o A Transcript of Records will be issued by the receiving institution no later than [5] weeks after the assessment period has finished at the receiving HEI. Providing students on traineeships and staff with a certificate for the activities completed. It is recommended to issue a certificate towards the end of the mobility period.

### 8. Grading systems of the institutions

It is recommended that receiving institutions provide the statistical distribution of grades or make the information available through **EGRACONS** according to the descriptions in the **ECTS users' guide**<sup>12</sup>. The table will facilitate the interpretation of each grade awarded to students and will facilitate the credit transfer by the sending institution.

| Institution<br>[Erasmus code or city] | EGRACONS<br>[If applicable] | Website for information |
|---------------------------------------|-----------------------------|-------------------------|
| E GRANADA01                           | N/A                         | N/A                     |
| Villarrica del Espíritu Santo         | N/A                         | N/A                     |

**University of Granada grading system:** In the Spanish university system, each course unit is graded on a scale from 0 to 10 points, and each numerical grade corresponds to a qualitative grade as follows: Suspenso (Fail): 0 - 4.9 - Aprobado (Pass): 5- 6.9 - Notable (Good): 7- 8.9 - Sobresaliente (Very Good): 9- 10 - Matrícula de Honor: A special mention for outstanding performance limited to a maximum of 5% of students registered in a given course unit group. When a student does not take the corresponding examination or final assessment, this is reflected as No Presentado (Absent). To pass a course unit, a student must receive a grade of at least 5 points out of 10. Statistical distribution of grades according to the descriptions in the ECTS users' guide available at

**Partner institution grading system:**

El Sistema de Evaluación Promoción establece que el desempeño del alumno en cada materia es evaluado mediante la escala numérica que va del 1 (uno) al 5 (cinco), con la siguiente equivalencia: Puntajes en Números en Letras: 0 al 59 (1 Uno); 60 al 69 (2 Dos); 70 al 80 (3 Tres); 81 al 90 (4 Cuatro); 91 al 100 (5 Cinco).

**9. Any other information regarding the terms of the agreement (optional)**

**10. Termination of the agreement**

*[It is up to the involved institutions to agree on the procedure for modifying or terminating the inter-institutional agreement. However, in the event of unilateral termination, a notice of at least one academic year should be given. This means that a unilateral decision to discontinue the exchanges notified to the other party by 1 September 20XX will only take effect as of 1 September 20XX+1. The termination clauses must include the following disclaimer: "Neither the European Commission nor the National Agencies can be held responsible in case of a conflict."]*
